

Get Started Fast

Select Marketing makes it so easy to get started quickly. In just a few clicks you can be ordering product to sell via our direct sales platform, or be in touch with a rep to implement our brochure fundraising method. Either way it's quick, fast, and in a hurry if you need it!

High Earning Percentage

Migi Nail Art Design Sets will be sold at the low price of only \$20.00 per individual set to your customers. Out of that \$20.00 your group keeps a whopping 50% or \$10.00 per set sold (based on volume)!

Our Fundraisers are simple

We believe keeping it simple is a huge plus. Offering a specific product with three different color sets keeps it simple. The great thing is so many people will want to buy the entire collection, so it's not only simple, but very profitable!

What is Migi Nail Art™?

Migi Nail Art is a revolutionary designer nail art and crafting pen with a patented art tip in a plastic squeeze bottle. It allows you to brush on a base color and then create amazing works of art not only on the nails, but on any hard clean surface.

Migi Nail Art comes in five fashion color sets. The Gold Shimmer, The Silver Matte, The Black Pastel, The Bronze French and The White Neon sets. Each set contains 8 colors, 1 design/instruction booklet, 4 twist and join rings, and 1 cleaning pin. Plus FREE refills and replacements!

Value to the customer

Migi Nail Art also offers your customers real value, not some overpriced wrapping paper or popcorn that gets used up and is gone. Migi Nail Art offers free online instruction, toll-free customer support and all customers get free refill colors for life!

Step-by-Step Sample Design

1

Start with a freshly painted nail, making sure to allow polish to dry completely.

2

Keeping in mind how you want the final design to appear, start to place small dots using pen tip.

3

Continue to place dots in a circular pattern to create flower petals.

4

Finish off design with one line of green for each flower to create stems.

It's that easy!

Free Refills

Every person who purchases and registers their product is entitled to free refills.

Anytime they need to refill their polish they go to the website and click on the "Refills and Replacements" tab.

They select any two colors from our entire collection! All they pay is the shipping and processing.

They can order as often as they like!
